Kaylock, John J.

MEMORANDUM

TO: Mr. Howard P. Willens

DATE: July 21, 1964

FROM: Mr. Albert E. Jenner, Jr.

RE: John J. Kaylock

Attached are Kaylock's letter and my response, together with the Secret Service report and attachments respecting the Kaylock incident. Also attached is a letter I have prepared which I suggest be dispatched by Lee to Mr. Hoover for the reasons therein outlined.

Personally, I'm inclined to ignore Kaylock. It appears to me he is a typical crack-pot. However, since there is a chance, quite remote though I believe it to be, and since he has raised an issue with Governor Connally, I conclude that the matter be disposed of by having him interviewed by the FBI.
